ABOUT INSOLARE

Innovative Renewable Energy Solutions | Strong Leadership | Commitment to quality

15+ years in solar EPC experience.

50 + Patents Research Experts

300 + Team of Professionals

>600+ MWp projects under execution

>500+ MWp projects completed

>150 + clients

150 + Megawatt Operations & Maintenance

2.4M metric tons CO₂ saved.

OUR CORE VALUES

Discipline

Driven by Discipline

Innovation

Pioneering Innovative solutions

Integrity

Dedicated to Integrity

Quality

Trusted for Exceptional Quality

Respect

Respect for People & the Planet

Result

Empowering Sustainability with Tangible Results

OUR SERVICES

Renewable Energy
Solar | Wind Energy | Asset Management

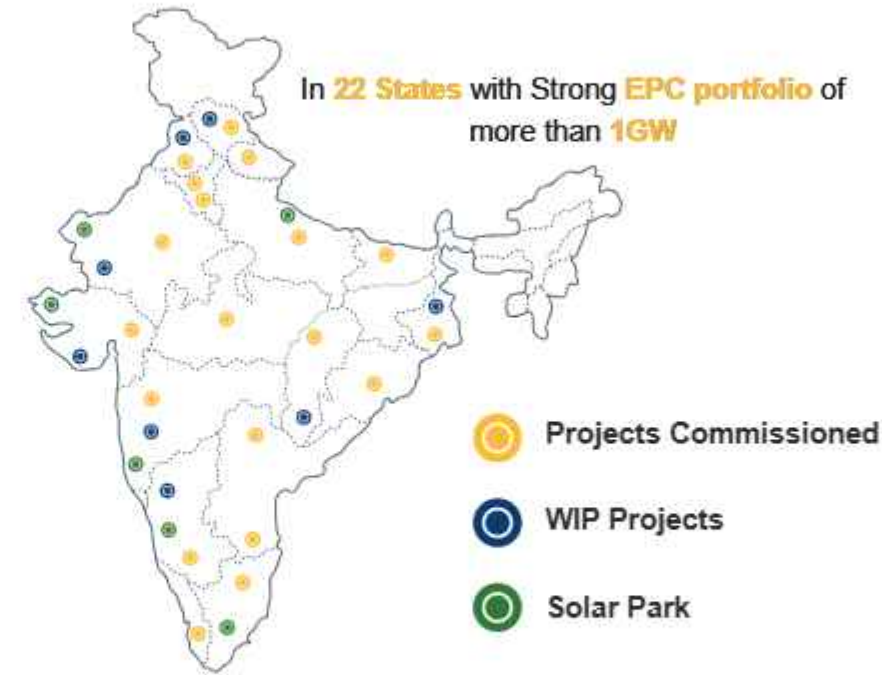

Solar PV Manufacturing

Innovation & Technology
Green Hydrogen | Battery Energy Storage System

Pioneering Innovation: Recognized for Indigenous Proton Exchange Membrane (PEM) technology, transforming hydrogen production and storage in India.

OUR PRESENCE ACROSS THE COUNTRY

National Recognition:

Awarded under the Government of India's SIGHT Scheme with a **10 MW** electrolyser project and a **19,000 MT** Green Hydrogen production capacity—cementing our leadership in green hydrogen.

OUR SOLAR PROJECT EXPERTISE

Project Type: Canal Top
Client Name: SSNNL

Project Type: Floating
Client Name: Matix

Project Type: Ground Mount
Client Name: Baldota

Project Type: Ground Mount
Client Name: Backbone

Project Type: Carport
Client Name: Infosys

Project Type: Ground Mount
Client Name: Sattva

OUR MARQUEE CLIENTS
